

High quality egg products for easy cooking

Balticovo-Ready-made and easy to use egg products in fully recyclable Tetra Rex Plant Based packaging.

All Balticovo egg products have been pasteurised to provide lasting freshness and made according to unique recipes.

The products are ideal for the HoReCa sector. Expected use – for production of gastronomy and confectionary. Produced from fresh hen eggs – barn or cage.

Recyclable packaging, made of renewable materials.

Egg white
